— It is said Mr. Fillmore will give a magnificent party on his retiring from office.

— We are under obligations to the Hon. J. R. Underwood for an interesting public document.

BREADSTUFFS.—The exports of bread-stuffs from this country to Australia are becoming important. During the past week engagements for the transportation of 50,000 barrels of flour from New York to that colony were made, at the rate of \$3.50, to \$4 per barrel freight.

The citizens of Covington, Ky., have voted against granting license for the sale of spirituous liquors.

— The Senate have adopted the resolution of the House, appropriating \$50,000 to the erection of an equestrian statue in honor of the memory and national services of Geo. Washington.

— The New York Herald states that 2,000 persons left that city for California in three steamers, on Thursday last. At this rate that country will soon be peopled.

— The ice in the Hudson river, at Albany, is now sufficiently firm for the passage of loaded teams.

— The number of Indians in Florida, whom that State is so anxious to remove from her borders, only amounts to 500.

— Ravenna, the handsome county seat of Portage county, Ohio, is situated on the dividing ridge between the Cuyahoga and Mahoning rivers. It possesses one feature which belongs to no other town or city in the Union. The rain which falls upon the North side of its court house roof, finds its way to Lake Erie, and that which falls on the South side runs to the gulf of Mexico.

— Midnight Mass, at Christmas, was performed at Paris, for the first time in 20 years.

IRON.—The Wheeling Intelligencer of Tuesday, says: "There has been considerable activity in the iron market during the past week. Sales have been made of 520 tons of Tennessee at 45, 6 mos., and some small lots hanging rock at \$50, cash. Bar iron we quote from 70 to \$120. Cut nails \$4 to \$6, for 8d to 3d."

HOGS PACKED IN CINCINNATI.—The Cincinnati Prices Current reports a detailed statement of the number of hogs packed in that city for the season just closed, giving a total of 361,871 hogs. Last year there was packed 352,048 hogs. The same paper estimates the falling off in weight to be five per cent, and that the deficiency in lard is estimated to be ten per cent.

— At a meeting of the Directory of the Shelby Railroad Company, held at Shelbyville on the 24th, it was resolved that a vote of the stock holders be taken for or against branching the road to Harrodsburg, Kentucky. This proposition is to be submitted to the vote of said stockholders on the 1st of March next, at the office of the company, in Shelbyville.

During a debate in the U. S. House of Representatives, on Freney, Mr. Ficklin, of Illinois, was making a speech against the new Banks in the district:

"He was opposed to banks. Illinois had the Cairo Banks, the Shawntown Bank and others, but they blew up. He was against the whole of them. They were worthless concerns."

A Voice.—Had you any Faro Banks?

(Laughter.)

Mr. Ficklin.—Yes, and they are the most honest of the two kinds of Banks.

My friend can speak feelingly upon the subject. (Renewed laughter.)

FEMALE WHALERS.—At one time there have been enumerated in Honolulu the wives of twenty-five sea captains. From such information as can be obtained, it is supposed that one in six of all the whaling captains is accompanied by his wife. The practice is annually increasing. This is a new feature in the prosecution of the whaling business. Probably a score of American ladies have visited the Arctic Ocean during the past summer.

Miscellaneous.

An Ohio Yankee has invented a bath cutting machine, and has sold for \$50,000 three-fourths of his patent for the Eastern States, alone, reserving the Western. They say it will cut a large log up into bathtubs in the course of three minutes.

A witness being asked where Jenkins' widow Johnson, replied, on the part of his son where mothers smile their young! Delicate young man that.

ALL THIS.—We wish says the *Savannah News*, the Post Master General would appoint a few females in Georgia. They never tolerate irregularities in the males.

Why are kisses like the creation? Because they are made out of nothing and all very good.

Boys are like vinegar, the more 'mother' that is in them, the sharper they become.

Ajax defying the lightning—A drunkard husband returning to a red headed wife.

A young fellow offered to bet the teacher of a young ladies' grammar school, who was boasting of the proficiency of his pupils, that not one of them could decline a husband.

A friend at West Point tells us a comical anecdote of a very diffident young clergyman, who had been invited to dine with a professional brother, who also kept a young ladies' boarding school. He was introduced to a bevy of the girls in the drawing room, and among them to Miss M., to whom he said stammering—'A—a—i—Miss M., u—a—l—l—l am not entirely acquainted with you. I—I had the honor of sleeping with your father a short time ago! If this isn't a rich specimen of the art of claim acquaintance—we have never heard one.

The Boston Times says that there are no less than fifteen families boarding at the Pavilion, and not one child among them, nor has there ever been! Upon this the Detroit Daily Advertiser remarks: We believe a diet for six months on potatoes and butter milk, with a rasher of bacon and eggs on Sunday, and daily exercise to the music of a buck-saw, would alter the appearance of a good many of the parties.

Railroads and Editors.

A convention of Railroad managers in Ohio, has recently been held in Columbus at which it was concluded that editors and conductors of the newspaper press, and local reporters, should hereafter be charged half fare.

This is about a fair specimen of the wordly wisdom, and reciprocation of benefits, usually met with in this vale! But if the railroads can stand this regulation, the press can! Let the railroads pay the press for all the labor performed in their behalf, and the press can ride when and where they please, at full fare, and have plenty of money to spare.—*Eat n Reg.*

FORCE OF HABIT.—Sir Edward Coddington, when a young officer at Toulon, was so anxious to distinguish himself that he passed the greater part of the twenty-four hours on deck, watching for intelligence of the movements of the French vessels, and when he did retire to his cabin, he sank into a deep sleep, from which the loudest noise could not awake him. But if the word "signal" was but whispered in his cabin, he started up directly. Those whose practice renders them liable to be often called up at night, awake at the slightest trembling of the night-bell, unheard by the other inmates of the house; and does not the mother awake at the low wailing of her child?

A Clear Case of Love.

"Mr. Sigbee, you said the defendant was in love—how do you know that?"

"He reads a novel upside down, and writes poetry in his day book when it should be cheese."

"And another reason?"

"Yes sir; he shaves himself without any lather, and very frequently mistakes the sleeves of his coat for the legs of his pantaloons, an error which he didn't discover till he tries to fasten the tails to his suspenders."

"A clear case—call the witness."

THE MARTHA WASHINGTON CASE.—By a telegraphic dispatch to the Cincinnati Enquirer of yesterday we learn that Judge Wilcox pronounced his opinion in the Martha Washington case at Columbus, on Saturday. He did not go into detail on the evidence, but said his opinion was that there was probable cause for believing that the offence had been committed; he therefore decided that the offence be held to bail. Judge Walker then spoke in favor of the Court reducing the bonds. The Court then announced that the bonds would be graduated. Messrs. Cole and Kissinger were required to give bail in \$10,000 each; the two Chapin's and Capt. Cummings, \$6,000 each, and Mr. Holland

\$5,000, with two responsible freeholders, for their appearance at the next term of the U. S. Court. It is thought that the defendants will give the security required.

Circular.

Insti utio for the Deaf and Dumb
DANVILLE, KENTUCKY, JANUARY, 1853.

To the Assessors of Tax:

DEAR SIR:—You are aware that the law requires of you the annual return of each Deaf Mute in your county, with his or her nearest Post Office. This legal requisition has been complied with by many of the Assessors; whereas, it has been totally neglected. A strict compliance with the law in your county is earnestly requested. Be particular in returning the Post-Office. The terms of admission into this Institution are subjoined, and you are respectfully requested to carry this circular with you, and show these terms to each parent having a Deaf and Dumb child in your county.

To the parents of Deaf Mutes:

Below you will find the terms of admission for your child or children into the Institution for the Deaf and Dumb at Danville, Ky. At least three hundred uneducated Mutes exist in Kentucky, although these have existed, for twenty-nine years, an institution in the centre of the State for their education. This neglect is wholly chargeable to you, their parents. It is no light culpability—it is wilfully shutting out the light of knowledge and the blessings of education from your unfortunate off-spring.—What apology have you for this neglect? The State has removed every responsible difficulty out of your way. The long established and well earned character of the Institution gives you assurance of the kind and watchful care which will be bestowed upon your child. Any further information desired can be obtained by addressing J. A. Jackson, Institution for the Deaf and Dumb, Danville, Ky.

Vacation not deducted, nor absence at the beginning or end of the sessions, after the pupil has entered. Entrance at the commencement of the session is very important.

2. Provisions has been made by the State for the board and tuition of those unable to pay; and parents in this condition are earnestly invited to avail themselves of the benefits of the institution for their unfortunate children.—Abuse of indulgence is not required in the applicant, only inability. Of this, the certificate of a magistrate or respectable neighbor is in general desirable though not absolutely required where there is good reason to suppose the application proper. Persons in moderate circumstances are often unable to educate their children abroad, and are, therefore, as much entitled to the aid of the State as it totally indigent. As a matter of fact, most parents are unable to pay for the education of their children.

3. The best age for entrance is twelve. Pupils will be received at all ages between ten and thirty. But parents should not delay the education of their children after twelve. They seldom learn so well after twenty as before that age. By delaying and neglecting the education of your children in this bereaved condition you are criminally compromising their present and eternal welfare.

4. Pupils supported by the State are under obligation to remain five years—in superior talent and industry, they may be continued seven.

5. The pupil must be plainly, but well and comfortably clothed, and furnished with trunk, and each session with two pocket handkerchiefs, and a coarse and fine comb. Clothing should be marked. No clothing can be furnished by the Superintendent, unless money be advanced for that purpose. A small sum of money must be deposited each session to meet the wants of the pupil. In general, it is expected that the parents and friends will furnish clothing, but in extreme cases, assistance will be given by the Institution. No pocket money should be given the pupil beyond a small sum.

6. Vacation in August and September, when the pupils are permitted to go home; but they must be returned, punctually, at the commencement of the next session—the first of October. This is of the utmost importance to their improvement. No pupil will be permitted to leave during the session, except for a good and satisfactory reason.

7. Any causes of complaint that a parent or guardian may have, is requested to be made known frankly and at once to the Superintendent, when it will be either satisfactorily explained or removed.

8. All letters addressed to the Superintendent or pupils must be post-paid. Those to a pupil to insure their being received, should be directed to "—" at the Deaf and Dumb Asylum, Danville, Ky.

9. To preserve health and promote habits of industry, the pupils are employed frequently in manual labor; the females in sewing and house-keeping, in which they often make great improvement. Pay pupils must not expect to be exempt from this rule. Their own good, as well as the discipline of the Institution, require its enforcement upon all alike.

10. The services of the Asylum Physician may be secured at three dollars per annum. They are given to those unable to pay, at the charge of the Institution, but all able to meet this small charge are expected to do so.

11. Bring or send with the applicant the day and year of his birth and cause of deafness.

Encourage Home Interests.

We would remind our readers who are on the look-out for the best handsomest, largest, and cheapest paper ever published, that they can find it in the *COLUMBIAN & GREAT WEST*—a mammoth weekly and Literary paper, neutral in politics and religion, published at Cincinnati. It is devoted particularly to Western interests and by means of telegraphic dispatches, is able to give its readers all important news several days in advance of the Eastern papers. It gives full reports of all the leading markets, of the country, and a great quantity of everything that makes up a first class family Journal. It offers the following extraordinary premiums to every new subscriber, whether in clubs or single.—*Tin* of the monthly parts, (all yet published d.) of Dickens' great novel, "Bleak House," which will be completed in the paper, the "Western Recruits," a tale of Border Times," by Mrs. Dumont; and a copy of *Miram*, or the *Mystic Tie*, a domestic novel by Walter Whitmore. These premiums at the Booksellers lowest prices, would cost more than the subscription price of the paper. On Newyear's day it will commence an original novel by Eliza A. Dugay, called the "CONCEALED TREASURE," a tale of the spiritual rappings, to be followed by the "PIONEER," or the "Lost Son," by a distinguished author.

The "Columbian & Great West" has just assumed an entirely new and beautiful dress of clear types, pleasant for the eye to rest upon, and is unsurpassed, in reading matter, as to variety, &c.

COLUMBIAN AND GREAT WEST

PROGRAMME FOR 1851.

The continuation of our excellent series of Western Romances and Tales.

Mr. Bennett's *Forest Rose* will be followed by a domestic story of Western life, founded on facts, entitled

ELLA WINSTON;

Or, the Adventures of an Orphan Girl.

BY WALTER WHITMORE, Esq.

Author of "Ainslie," "The Maid of the Inn," "Love and Retribution," and other popular tales.

Mr. Whitmore is an accomplished scholar, as well as a polished and energetic writer, and his "Ella Winston" is pronounced, by good judges, to be equal if not superior to the best Western Novel ever written.
